Property Description: The property is located in a private courtyard development of six dwellings, some of which form part of the Grade II listed stable block which was formerly the stables to Coombe Cottage built by George Devey. This house was built in the 1980s, at the same time as the other properties were converted from stables into residential properties. There is still a wealth of character at the development including a wrought iron weather vane and a clock tower with leaded cupola. Entered directly from the courtyard, the house offers accommodation across two floors. The ground floor consists of good sized reception room / dining room, a bespoke fully fitted kitchen with wine fridge and guest WC. The first floor has three bedrooms, one of which is currently arranged as a dressing room, and two shower rooms. All of the wardrobes have been specially designed and fitted for the home.

To the rear of the property is a pretty patio garden, and there is off street parking to the front.

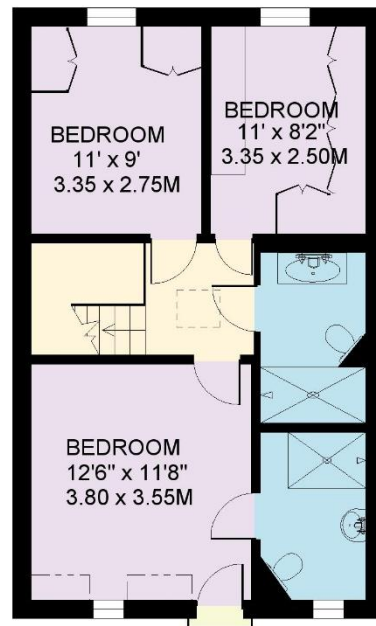

Location: The house is conveniently located for excellent state and independent schools. Beverley Lane is easily accessible to Raynes Park and New Malden stations and high streets, with their wide array of shops, restaurants and cafes. Wimbledon and Kingston town centres are also nearby.
